FAMILY WELCOME GUIDE

HELLO
and welcome!

Hi there! First of all I'd like to say thank you for considering me for your family photography session, I'm incredibly honored and excited to capture your story as a family.

This welcome guide has some important information about the family photography experience, as well as pricing details and some tips to help you plan and prepare for your session. If you have any questions at all, please don't hesitate to let me know.

ABOUT ME

Hi! My name is Nicola, and I am incredibly passionate about family photography. I have been a photographer for over ten years now, and I never grow tired of capturing beautiful and priceless images for my clients.

Besides photography, I am also a mum to three wild little boys! When I'm not behind a camera, I'm running around with my kids and taking them on adventures and they couldn't make me happier!

WHY BOOK A FAMILY SESSION

As you grow older the phrase “moments are fleeting” takes on a new meaning, and you begin to understand just how quickly time passes and particularly so when you have little ones. We all change and grow so quickly but you don’t notice until you look back at photographs.

Booking a family session will help you capture these moments in time - moments that you will never get back. These are more than just photographs; these are pieces of artwork for your family that will only grow in value. It brings me so much joy to know that you and your family will be able to look back and treasure these memories in the years to come.

WHAT TO EXPECT

Expect your family photography experience to be easy, relaxed, and fun. My goal with each session is to make things as seamless as possible for you. Think of your family session as a time to slow down and savor some moments with your loved ones.

I believe that when you hire a photographer, it should be someone who you connect with and feel comfortable with - so that is what I strive for. When you decide to work with me, you will receive the highest level of client care, and I also hope that you will see me as a friend through this experience.

MY STYLE

RELAXED PORTRAITURE

If you are reading this Welcome Guide, chances are you have already had an opportunity to view my work on my website, and that something spoke to you about my style. As a family photographer, I absolutely love capturing images that are fresh, clean, and timeless.

I also consider my style to be 'relaxed portraiture' - in the sense that it is much more casual than some more traditional portrait photographers. If my style of photography resonates with you, then I just might be the perfect photographer for your family session.

WHEN TO BOOK

My schedule is typically full 3-4 weeks in advance, so please get in touch with me as soon as possible to book me as your family photographer.

All of my shoots take place outdoors in nature and I love to photograph at sunset! You just can't beat that golden light! I know the timing can be a little tricky for young ones so spring and autumn time are good for early sunsets.

I will generally photograph in all weathers and I'm totally flexible if you're not after sunset images so get in touch and let's chat and we can figure out what works best for you and your family!

LOCATION

THE GREAT OUTDOORS

All of my family sessions take place outdoors at a location of your choice. I'm so passionate about nature and getting outdoors so it only feels right that the beach, the forest or a beautiful meadow be my studio!

Family sessions are beautiful in the great outdoors and there are so many options from a dreamy beach sunset to a cosy woodland picnic setting.

Pick your favourite setting, somewhere that means something to your family and we will get to work creating memories and freezing life as it is now for you to look back on in years to come and remember just how beautiful it is.

When booking your session we will discuss the options and decide what will work best for you and your family.

KIND WORDS

“We loved our family shoot with Nic. She made us all feel really comfortable and got some awesome pictures of our family that we love. Before the shoot we went for a scout around our local reservoir (s. Wales) and then luckily picked a sunny day for the shoot. Our girl loved her and gave Nic the best smiles!

It was great getting a couple of pictures back as a sneak peek that day so we could see them. Pictures were sent a short time after and we bought them all! Couldn't recommend Nic any higher. We can't wait to have Nic do our newborn shoot when they arrive later this year!”
